Dear Sirs,

The Management of the '92 GLOBAL FORUM wishes to express their warm congratulations for the highly professional job performed by VIGBAN, who provided Special Services of Property and Personal Security during the days of the event in the City of Rio de Janeiro. We would like you to accept the thanks of the United Nations, the organization which started and supported this international meeting, for which this security company provided a protection system not only for the attending public, but also for the guests and especially heads of state of various countries such as the United Kingdom, India, Norway, Turkey, Luxembourg, Portugal, Mozambique, Chile, and Ireland; for the Kings of Sweden, for His Holiness the Dalai Lama, for various ministers and politicians from Brazil and abroad, and for famous people such as Jane Fonda, Shirley McLaine, Pelé, Roger Moore, Regina Duarte, and other well-known people.

The level of performance, responsibility and dependability with which VIGBAN conducted their work urges us to record our congratulations and restate our thanks for their proven efficiency and dedication.
